MICHAEL W. DOBBINS  
CLERK, U.S. DISTRICT COURT

08cv2600

Aug. 19 08

Case No. 08cv2600

To the honorable Judge John Howard Mag. Judge  
 Madison O'Booney (W.M.D), recently I received  
 a copy of "Motion to Dismiss", my complaint  
 against "Dr. Dowd". We been unable to respond to  
 said motion because I was in Degregation  
 for minutes issued.

Though I can not at this  
 time Degally combat said motion, I would  
 like to point out obvious facts. First, I was  
 not placed on Suicide watch as a result of  
 my injuries. Everything that happened occurred  
 while I was on Suicide watch for something  
 totally different. Second, I filed my suit  
 as instructed to by this honorable court. Third,  
 my complaint isn't based on Speculation, every  
 stipulation stated within my complaint can  
 be substantiated by documents as well as  
 a visit to a court chosen doctor. Being that I  
 don't have access to review certain cases, a court  
 appointed attorney would be highly appreciated.

I don't want to ruin any opportunity I might  
 have of succeeding with my claim. Please assist  
 me to whatever extent you can. Thank you  
 Danny Willis
